## Security Shield Tool - SST-716

Used with 7/16" hex shielded F Connectors. Design includes extended 7/16" shank for ease of use with Torque Wrenches in security shield applications. Machined and heat-treated steel for maximum durability with black oxide finish.

Knurled handle for secure gripping and includes a steel loop for turning leverage and carrying.

**Note:** The SST-716 is not designed for use with PPC AquaTight EX Series Connectors.

Part No.	Description
SST-716	Security Shield Tool
