Notes:

- Connectors purchased under this drawing will mate with MIL-C-83503/7B socket connector with strain relief or without strain relief and Amphenol's 812 connector.
- This assembly is designed to meet requirements of MIL-C-83503.
- Δ The polarizing key slot on this end does not exist on size 10 and 14.
- Δ Prefix "E" only applies to the four-sided version & polarizing key slot is available for all size including size 10.
- Δ Suffix "S" only applies to the size 10 since the polarizing key slot is absent from the standard size 10.
- This connector is both UL and CSA approved.
- Refer to Amphenol S-816-001 for product specification.
- MATERIAL SHOULD BE FULFILLED AMPHENOL SPEC#SSN001.
