57075 Actuato	 2 Part Magnet Proximity Sen Heavy Duty S Threaded Bar nuts M12 by 1.00m 	ically Operated . sor tainless Steel rel with retaining . im thread . ") Heavy duty .	 Benefits Robust construction makes this sensor well suited to harsh industrial environments Simple installation and adjustment using suplied retaining nuts No standby power requirement Operates through non-ferrous materials such as wood, plastic or aluminium Hermetically sealed, magnetically operated contacts continue to operate long after optical and other technologies fail due to contamination 	 Applications Off road and heavy vehicles Farm machinery
