

Tough keypads for exposed public applications

- Manufactured to survive hard use and abuse under extreme environmental conditions
- Rugged, reliable and responsive data entry
- Weather, water and dust resistant (IP65)
- · All metal keytops
- 4,12 and 16 key formats

- Permanent, high contrast, engraved keytop graphics
- Raised "home pip" on the "5" key
- Simple 'row and column' circuit matrix, terminated by a male, goldplated, square pin, 0.1" (2.54mm) pitch connector with locking ramp
- Can be fixed to a flat surface or under panel mounted for a flush, low profile installation

Ztorm 1000 PLX Series keypads

Ideal for use in applications where toughness and resistance to water and dust is required. PLX keypads are cased in a revolutionary super high-impact polymer, for resistance to abuse and attack. Chromed metal keytops are retained to provide keytop graphics with unsurpassable toughness and wear resistance.
