May 25th 2010

Subject : Change the LC séries base from Black to Grey and plate the « E » option terminals (Solder style)

This notification is provided to C&K customers and distributors who receive the LC series snap switch.

BASE MATERIAL CHANGE

Reason for Change : The Black material Valox DR-48 has a lower melting point than the Grey Ultem 2110R material and when the customer has to solder the terminals.

ADD PLATING TO THE « E » STYLE TERMINAL CHANGE

Reason for Change : Customers having trouble soldering to un-plated terminals.
