

Push-Fit Control Knobs—One Piece

Looking for something a little different for your application? Need a knob where you don't have to order caps separately? Then look at the REAN Push-Fit control knobs. Available in two or three colors with marker lines to fit either D flat or 6mm spline shafts. The push-fit series will address a wide variety of applications and will enhance the aesthetics of any piece of equipment.

Need a black knob that can be color coded for your specific application? Look no further than the Push-Fit with Cap series of REAN knobs. A wide range of knob styles is available to compliment any design. The caps are offered in any of the ten standard resistor colors – with or without a marker line.
