

Description
This panel fastener incorporates a new design. The key-hole shaped interior allows the part to collapse more completely for easy assembly with finger pressure, and the tapered, bullet-style point slides into any hole easily. The angled panel lock section takes up slack in panels to provide for a tight assembly. The design allows for a relatively large clip diameter to hole size ratio, resulting in higher retention force.
Material
Natural Nylon 6/6

### RoHS Compliant

Item Number	Description	H Head Diameter	Hole Size	Panel Thickness
561-Y125093	Key Hole Clip	0.250 (±0.015)	0.125	0.093
