# TIL, TIG, TIH, TII-Series

The TI-Series Tippette rocker switches are available in single pole (TIL), double pole (TIG), three pole (TIH) and four pole (TII) versions. These switches are available with nylon snap-in or screwtype mounting brackets, are AC rated to 20 amps and suitable for low voltage DC applications. Multiple actuator options and colors are available, and many circuits have international approvals.

## **Specifications**

- Certifications\*: UL, CSA, and VDE
- Dielectric Strength: 1,000 V (minimum)
- Insulation Resistance: 100 Megohms (minimum)
- Base Material: Phenolic
- Actuator Material: Nylon
- Bracket/Bezel Material: Nylon or Steel
- \* Due to ongoing technological advances, consult factory for certification specifics.

Actuator & Bracket Finish is a matched set

MBL, NBL & WBL brackets are moided in black. If white is desired, specify as MWH, NWH & WWH.

Bracket Styles D, E and G available. Consult factory.

Bracket Style M consists of LNP rocker, neoprene seal, syntech grease, dummy rivets. M, N and W brackets supplied in two pole bases.

MBL does not have UL, CSA approvals.

Bracket style H available with actuator styles 7N and 7P only.

Additional momentary circuits are available. Consult factory for details.

#### Bracket Dimensions: in. [mm]

NOTES

Double brackets supplied on TII-Series when B style bracket is specified. Consult factory for dimensional information.

\* Available in both clearance and tapped hole options. Please specify when ordering.
