Modular Jacks

www.amphenolacp.com

Amphenol
Now you're connected

- Modular jacks available in RJ45 & RJ11 styles
- Select series available with or without LED options
- Variety of single and Bi-color LED options
- Shielding options available on most series
- Low frequency ferrite filtering available on select series

- Right angle & vertical housing options
- Single & multiport configurations
- Single & stacked dual row options
- Terminations available in PTH, SMT and Pressfit on select series
- True Vacumm Placeble, Tape & Reel, Tray and Tube packaging

- Category 3, 5 & 6 options
- UL recognized file # E135615
- CSA recognized file # LR68598
- Fully RoHS compliant
- Lead Free IR reflow process compatible

Modular Jack Quick Reference Options Table

Series	Orientation		Housing Option		Termination		Optical Indicator		Max Profile Above PCB in (mm)		Contacts per port	# of Ports	Performance Category	Solder Process		Packaging	
	Standard	Inverted	RJ45	RJ11	SMT	Thru hole	LED	Light-Pipe	Shielded	Non-Shielded				Reflow	Wave	Tape & Reel	Tray

ACPRJHC07

Amphenol

Now you're connected

Acessories for Modular Jack Connectors
FRJ-2411 dust cover for RJ45 connectors and the FRJ-2611 dust cover for RJ11 connector are ideal for protecting the internal structure of the connector from dust and moisture contamination
Innovative design and research are behind the development of the RJ protective LED Heat Shield. This shield protects the LED during the Lead Free IR Reflow Process. Without this heat protection many of the LED's would fail immediately after reflow or worse, in the field.

Standard LED Options

| LED 2		LED 1	X	LED 2	LED 1	X	LED 2	LED 1	X	LED 2	LED 1
			0	Blocked	Blocked	5	Green	Green	A	BiC GR/Y	BiC GR/Y
			1	Yellow	Green	6	Yellow	Yellow	B	BiC RD/GR	BiC RD/GR
			2	Blocked	Green	7	Red	Green	C	BiC RD/GR	BiC GR/Y
			3	Yellow	Blocked	8	Green	Red	D	Green	BiC GR/Y
			4	Green	Yellow	9	Green	Blocked	E	Yellow	BiC GR/Y

Other LED options are available, if you do not see what you are looking for please visit www.amphenolcanada.com or call 416-754-5656 and request complete LED ordering options.

Notes:

- Modular Jacks with integrated LED's are not suitable for Lead Free IR Reflow process unless accompanied with protective LED Heat Shield
- Standard RJE0X series with through hole termination contacts are not suitable for IR reflow but can be ordered in high temperature material. Please contact factory for details
- Connectors suitable for IR reflow process have Moisture Sensitivity Level (MSL) of 2-2A
- Select RJSAE and FRJAE series are available with ferrite filtering. Please contact factory for details
- Low cost RJHSE series is available under RJESE series identifier. Please visit web site or contact factory for details
