

# PTC THERMISTORS: TYPE PTA

## OVER-TEMPERATURE PROTECTION

### DESCRIPTION:

PTC disc thermistor on tab for temperature sensing.

### FEATURES:

- Low cost thermistor disc on tab for limit temperature monitoring
- Metal tab for easy mounting
- Well defined resistance and curve ease circuit design
- High sensitivity to small changes in temperature
- Available in a broad range of transition temperatures
- Exhibits large positive increases in resistance with temperature
- Metal tab allows for good thermal coupling and fast response times
- Resistance/temperature characteristic is infinitely repeatable and has no hysteresis associated with its action
- Available tape and reel to EIA RS-468A
