

**Sensor, Thermocouple, Type K, Mineral Insulated, Standard Plug
1.5mm, 3.0mm & 6.0mm Diameter**

- Type K mineral insulated thermocouples
- Particularly suitable for high pressure, high vacuum or high vibration applications
- Max temperature of probe 1100°C (K) (Plug 220 °C)
- Stainless steel (310) Sheath
- Very flexible
- Direct connection to a Standard Type 'K' Socket
