COMUS Group

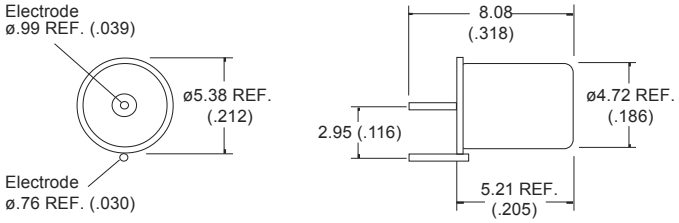
COMUS International

Part Number : AU2401-1
Movement / Vibration Sensor - Non Mercury Contacts
Product Data Sheet

PICTURE

✔RoHS Compliant

DIMENSIONS



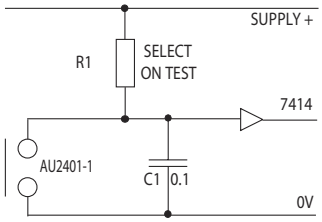
Drawings not to scale. All Dimension in mm(in) nominal

This miniature non-mercury sensor has been specifically designed for the detection of movement and vibration. The sensor is non position sensitive offering a similar level of sensitivity whatever its position and has been designed for use with analogue or digital circuitry. The sensor reacts when disturbed by giving a fleeting change of state (ie n/o to n/c or vice versa). The time taken to settle depends on the amount of energy absorbed by the device, the settled state will be random unless mounting attitude is chosen for a n/c output. The low contact resistance of this device makes it ideal for incorporating into new or existing designs.

TECHNICAL SPECIFICATIONS

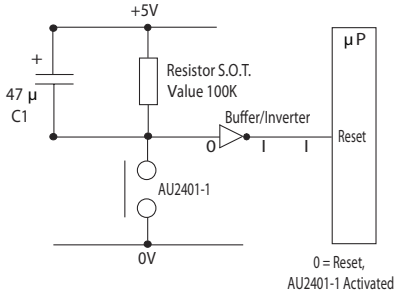
Switching Voltage	Max. Vac	24
Switching Current	Max. A	0.20
Switching Capacity	Max. VA	5
Contact Resistance	Max. Ω	100 at 5 VDC
Operating Temperature	°C	-37° +100°
Storage Temperature	°C	-40° +125°
Case Material		Metal - Gold Plated
Cable/Termination		Pin
Features		Non-Mercury Contacts
		Omni-Directional

DAMPING CIRCUIT



The output of the AU2401-1 may be damped when less sensitivity is required by using a Schmitt trigger device as shown. Lowering the value of R1 (100 ohm min) will reduce the sensitivity of the switch.

LOW CURRENT RESET CIRCUIT



Inverter input held at 0V (logic 0) with no disturbance, a charge is permanently held in CI. With movement the AU2401-1 goes momentarily open circuit allowing the charged capacitor to be seen at the inverter input which would change state giving a pulse to reset.

REV. NO.	REVISION NOTE	DATE	SIGNATURE
A	Datasheet Update	March 2010	LG

As part of the company policy of continued product improvement, specifications may change without notice. Our sales office wil be pleased to help you with the latest information on this product range and the details of our full design and manufacturing service. All products are supplied to our standard conditions of sale unless otherwise agreed in writing.
