

AUDIO/VIDEO CABLES(cont)

Epitome-Pro SPC Digital Cables (BETTER)

Silver Plated Copper (SPC) is enhanced by Silver. Silver having the highest electrical conductivity of any metal, 105% better than copper, along with Silvers superior oxidation and corrosion resistance allow SPC cable to carry more signal with less signal loss and distortion. SPC cables give you truer reproduction of your Analog or Digital Audio and Video signals for Crisper Sound and Sharper Video.
