

# ESD PROFI-SET **TRENDY** 2280 AND 2285

The professional kid for ESD-Specialists for local and mobile use

2280 **BERNSTEIN** ESD Profi-Set **TRENDY**  
with tool set including ESD handling set

2285 **BERNSTEIN** ESD Profi-Set **TRENDY**  
with tool set

### Description:

Selected ESD-tools in handy plastic case made from conductive material. The tools are clearly arranged in accurate-sized cutouts in conductive hardfoam. For individual accessories are one resp. two cutouts available.

**Outside dimensions: 350 x 310 x 65 mm (when closed)**

### Tool set:

**Weight : approx.1.650 / 1.500 kg**

No.	Description of individual tools	No.	Description of individual tools
2-620	<b>PLCC extractor</b>	4-623	<b>Cross-recess screwdriver size 0</b> , with conductive handle, blade from chrome vanadium, chrome-plated, with black tip
3-133-13	<b>Side cutters</b> , 120 mm, with conductive black hand-guard	5-049-13	<b>SMD-tweezers</b> , 110 mm, straight, very sharply pointed, ESD-coating
3-651-15	<b>Mini side cutters EUROline-Conductive</b> , 120 mm, without sideface, for soft wire up to 0.6 mm Ø, copper wire up to 1.2 mm Ø, box joint, double leaf spring, fine polished and bright burnished, conductive bicoloured hand-guard	5-055-13	<b>SMD-tweezers</b> , 120 mm, sickle-shaped, very sharply pointed, as above
3-682-15	<b>Flat nose pliers EUROline-Conductive</b> , 130 mm, as above	5-059-13	<b>SMD-tweezers</b> , 120 mm, flat, rounded tips, 2.0 mm width, as above
3-683-15	<b>Snipe nose pliers EUROline-Conductive</b> , 130 mm, short jaws, as above	6-661	<b>TORX screwdriver T 5</b> , with conductive handle, blade made from chrome vanadium, chrome-plated, with black tip
4-601	<b>Screwdriver 50 x 0.8 mm</b> , with conductive handle, blade from chrome vanadium, chrome-plated, with black tip	6-662	<b>TORX screwdriver T 6</b> , with conductive handle, blade made from chrome vanadium, chrome-plated, with black tip
4-603	<b>Screwdriver 50 x 1.5 mm</b> , with conductive handle, blade from chrome vanadium, chrome-plated, with black tip	6-663 L	<b>TORX screwdriver T 7</b> , with bore-hole in the tip, with conductive handle, blade made from chrome vanadium, chrome-plated, with black tip
4-605	<b>Screwdriver 60 x 2.0 mm</b> , with conductive handle, blade from chrome vanadium, chrome-plated, with black tip	7-422	<b>ESD brush</b> , bristles width 20 mm
4-621	<b>Cross-recess screwdriver size 000</b> , with conductive handle, blade from chrome vanadium, chrome-plated, with black tip	9-354	<b>ESD handling set</b> (only in set 2280), consisting of: foldable, green workbench pad (surface resistance according to DIN 53482: approx. 10 <sup>8</sup> ohm), 500 x 400 x 0.35 mm, contact bracelet with spiral cord, earth wire 2500 mm long with 1 Mohm safety resistor including crocodile clip
4-622	<b>Cross-recess screwdriver size 00</b> , with conductive handle, blade from chrome vanadium, chrome-plated, with black tip
