

# Din Rail Housing for use with United Automation FC36M

# Din Rail Housing

X10751

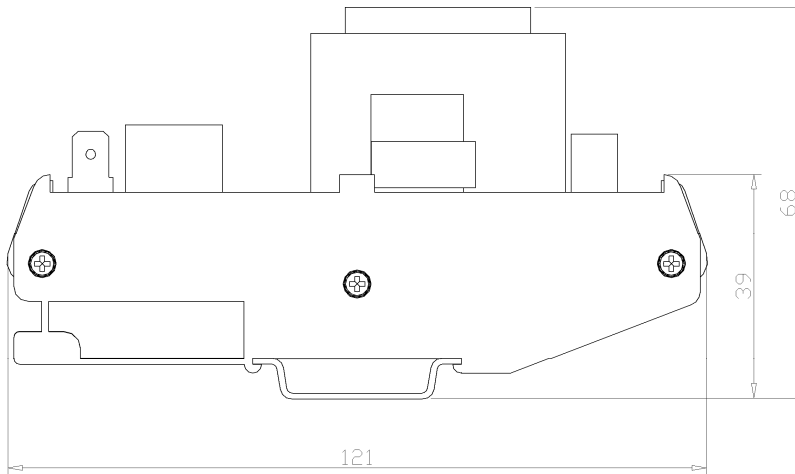

## INTRODUCTION

The DIN Rail Housing is a bespoke part for using with United Automations FC36M Firing Circuit. The housing allows the firing circuit to be mounted quickly and easily removing the requirement for drilling mounting holes.

RoHS Compliant  
Directive  
2002/95/EC

Side elevation shown with FC36M fitted
