

MODEL 765 LOW COST DIGITAL PANEL THERMOMETERS

The economical 765 series panel mounting digital thermometers can be specified for platinum resistance thermometer (Pt100) or thermocouple input. Automatic cold junction compensation is incorporated in the thermocouple versions. An analogue (recorder) output is included as standard

| Model | Input | Range | Resolution | Accuracy |
|---------|--------------|--------------------|------------|------------------|
| 765PTAC | Pt100 3 wire | -50.0 to +199.9° C | 0.1°C | ±0.1°C + 1 digit |
| 765PTBC | Pt100 3 wire | -50 to +850°C | 1°C | ±1°C + 1 digit |
| 765KC | K | -105 to +1372°C | 1°C | +1.5°C + 1 digit |
| 765JC | J | -210 to +760°C | 1°C | +1.5°C + 1 digit |
| 765TC | T | -105 to +400°C | 1°C | +1.5°C + 1 digit |

Specification

Display: 14mm LED
 Analogue output: 1mV/digit
 Power Supply: 115, 230 V ac ± 10%, 50/60Hz
 Dimensions: DIN size bezel, 96mm(W) × 48mm(H) × 110mm(D)
 Panel cutout: 92mm × 45mm

Specifications may be subject to change
