

Laminating Pouches

A range of laminating pouches in various finishes, sizes and pack quantities. The standard gloss finish produces enhanced, rich colours for a bright, clear, high shine appearance. The matt finish results in more subtle colours and a non-reflective surface.

- Standard sizes A7 to A3 for general everyday laminating
- Credit card and badge etc. for badges, tags and membership cards
- Adhesive backed for displaying notices or signs onto doors, walls, windows etc.
- Pre-punched A4 pouches to fit ring binders

Notes:

The **microns** value quoted in the table below is the **total pouch thickness**
All pouches listed are **gloss finish** except for the two A4 matt ones
