

Media Pointer 100

Smart 2.4GHz Presenter

The brand new *Media Pointer 100* from Genius is the best tool to use when you give a presentation. The advanced 2.4G wireless technology gives you up to 10 meters working distance without any interference. It's a handy-tool for a meeting, speech, teaching or training when you're on a business trip.

With the user-friendly design, *Media Pointer 100* allows you to control your presentation efficiently with page up/page down buttons; switching full screen and blank screen by just a click. Use the laser beam button to highlight your presentation. For more information, contact your salesperson about the *Media Pointer 100*.
