FLASHLIGHTS
& WORKLIGHTS**

On land, by sea, or at 500 feet deep, Peli lights show you the way. Powerful beams and the most sophisticated lamp and reflector assemblies produce white collimated beams, or soft wide flood like beams. Peli lights offer the brightness and safety needed whether in the workplace, during recreation or at home. Used by the U.S. Military, Police and Fire Departments, and Search and Rescue Teams worldwide.

BACK-UP LIGHT AT YOUR FINGERTIPS

ProLite™ 4C SUBMERSIBLE

Eliminate the worry and inconvenience that a burned out light or broken switch can cause. Peli's exclusive fail safe lighting system includes the dual filament XENON safety lamp and a back-up switch. The switch can also be used as an intermittent switch which automatically shuts off upon finger release. **INSTANT BACK-UP LIGHT**—The ergonomically designed switch allows you to instantly change from one filament to a second back-up filament. Quick focus adjustment for both filaments. Each filament has 30 hours of life (standard "PR" bulbs average 5 hrs.) for a total of 60 hours burn time.

NON-METALLIC/CORROSION PROOF—The ProLite™ 4C is the ideal work light for anyone preferring a non-metallic rugged light. Made of unbreakable ABS. Requires 4 C-cell alkaline batteries (not included). **COLORS:** Black, Yellow. **LENGTH:** 11" **DIAMETER:** 2 1/2" **WEIGHT:** 11 oz. **CATALOG NO. 3500B**

THE PRO'S CHOICE

400% MORE LIGHT
The ProLite™ 4C is the brightest 4 C-cell flashlight and produces 400% more light than standard 4 C-cell lights with common "PR" bulbs.

LaserFlex™ 2D

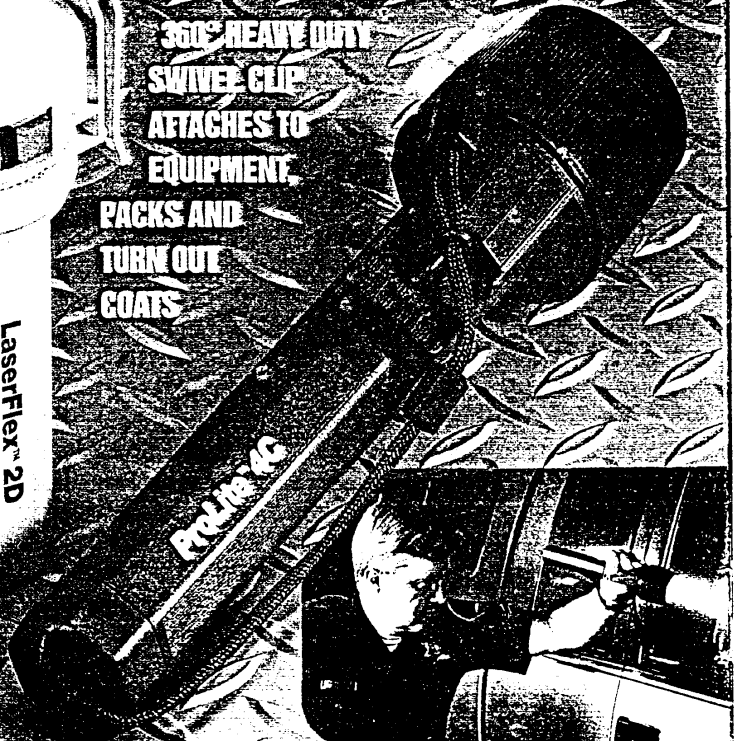

MULTI-ANGLE FLEX HEAD PROFESSIONAL WORKLIGHT

Peli's LaserFlex™ 2D is designed for the working professional. Ruggedly built and just plain tough. The LaserFlex™ 2D with its powerful Xenon dual beam safety lamp performs equally well in all adverse weather conditions. Quick focus adjustment for both filaments.

The multi-angle ratchet head allows you to point the beam in any direction needed, whether hand-held, clipped on equipment, standing or laying on its side. A tough metal sized front for abusive working conditions. LaserFlex™ ergonomically designed body allows for a secure, fatigue free grip.

360° HEAVY DUTY SWIVEL CLIP ATTACHES TO EQUIPMENT.

PACKS AND TURN OUT COATS

LaserFlex™ 2D Is the industrial quality multiple angle flex head ergonomically designed personal spotlight. Incorporates sealed Xenon Laser Spot™ double filament safety lamp. Operates 30 hours on each independent filament. Standard PR based bulbs average 5 hrs. Double switched for additional backup safety. Battery burn time 8-10 hrs. on 2-D-cell alkaline batteries (not included). Separate intermittent blinker switch in addition to double main switch. Water resistant only. Heavy duty lanyard and equipment clip ring included. Non-incendive approvals pending. **COLORS:** Black, Yellow. **LENGTH:** 8-1/2" **DIAMETER:** (at head): 2 3/4". **CATALOG NO. 3000B** NOT FOR SCUBA APPLICATIONS
