

Vertical & Horizontal Cable Management

Vertical Cable Management:

The Access cabinet's unique design provides a wide range of vertical cable management options.

- Steel cable tray in 3" (75mm) and 6" (150mm) widths and 27U to 47U heights.
- Wire basket in 6" (150mm) and 12" (300mm) widths to make cable strapping very easy. Each basket has vertical wires on a 2" (50mm) interval and horizontal wires at 4" (100mm) intervals, allowing a variety of "tying" places.
- Twist lock cable management spool allow cables to be routed in all three axes, i.e., vertical, horizontal and front to rear.
- Small and large cable hoops are available in plastic and metal.

Horizontal Cable Management:

The Access cabinet's two (2) post cornerless design and horizontal cable management accessories offer unrestricted horizontal cabling support between cabinets.

Available types

Patch Cord Organizers
Cable Trough Organizers
Horizontal Cable Organizers

1U to 4U for small to large cable bundles.

Cable Management Accessories

Vertical Cable Tray & Wire Basket

Vertical Cable Tray and Wire Basket installs in the cabling area on the interior sides of the cabinet and mounts to the Z-channels top and bottom with the fill area facing inward. Tray and wire basket can be positioned anywhere from the front to the rear of the cabinet.
