

SUNON®

DC Brushless Fan & Blower

*All products are RoHS compliant.

DR MagLev®

Dustproof

Oil Free

High Air Flow

DR MagLev motor fan

[DR MagLev = Dust-Resistance MagLev]

Features

- ◆ Better oil leak prevention
- ◆ Better dust-resistance
- ◆ Higher reliability
- ◆ Longer life expectancy

Design Concepts

The two innovative design concepts of DR MagLev development are B&S (Blanked & Seamless) Technology and S&C (Seal & Clip) Design.

These innovative designs bring three excellent efficiencies to extend fan life:

- (1) To avoid dust invasion and extend motor life.
- (2) To prevent oil leakage
- (3) To prevent the motor components from falling off.

Note: DR MagLev Motor can be used with different motors types (radial, axial) and sizes, so the final design may vary from the above, according to the different motor structures.

Characteristic

1 S&C (Seal & Clip) Design

The innovative S&C (Seal & Clip) Design provides the best resistance to dust invasion.

2 Innovative B&S (Blanked & Seamless) Technology

DR MagLev's one-piece structure with the B&S (Blanked & Seamless) Technology and S&C (Seal & Clip) Design provides the best prevention of oil leakage.

3 High Reliability Design

The S&C (Seal & Clip) Design can prevent the stator and impeller from falling off and help reduce noise that is caused by stator and impeller movement after a period of usage. The design greatly improves the life expectancy and the reliability

SUNON® New Model Numbering System

M E 80 25 1 V 1 - 0000 - 999

Function Code

999: standard model
 A99: AutoRestart
 C99: F type (3rd wire)
 D99: with PWM
 F99: AutoRestart and R type(3rd wire)
 G99: AutoRestart and F type(3rd wire)
 H99: AutoRestart and with PWM
 Q99: AutoRestart , R type and with PWM
 S99: AutoRestart , F type and with PWM

Customer Code

0000 stand for standard model

Speed

Certification

Safety

* Note: For critical or extreme environments, including non stop operation, please contact Sunon and we will gladly provide assistance with your product selection to ensure an appropriate cooling product for your application.

* Note: The "Life Expectancy" of the fan has not been evaluated for use in combination with any end application. Therefore, the Life Expectancy Test Reports(L10 and MTTF Report) that relate to the fan are only for reference.
