

REPLACEMENT FILTERS

REPLACEMENT FILTERS

| Item # | Name | Description | Media | Typical Applications | Part Number |
|------------|--|--|-------------------------|---|----------------------------|
| 1 | Arm-Evac 250/200 Pre-Filter | Designed for coarse particle capture. | | Used with all Arm-Evac 250/200 systems. | 8883-0111-P5 (Pkg. of 5) |
| 2 | Arm-Evac 250/200 General Purpose Filter | Comprised of HEPA filter media & gas blend media. | HEPA & gas | Soldering, Pharmaceuticals Laser Cutting/Laser Marking Jewelry manufacturing & repair. | 8883-0931 |
| 3 ***** | Arm-Evac 250/200 Extended Life Pre-Filter (optional item) | Designed for coarse particle capture. | | Heavy-duty soldering operations. | 8883-0938-P10 (Pkg. of 10) |
| 4 ***** | Arm-Evac 250/200 Extended life Combo HEPA/Gas Filter (optional item) | Comprised of HEPA filter media & gas blend media. | HEPA & gas | Heavy-duty soldering operations. | 8883-0936 |
| 5 | Adhesives Filter (optional item) | Blend of Adsorptive and Chemisorptive media. | Chemisorptive | Benchtop Adhesives Procedures Gluing Applications Circuit Board Cleaning Laboratory Applications | 8883-0951 |
| 6 | Cleanroom Filter (optional item) | Comprised of HEPA filter media & bonded activated carbon. | HEPA & carbon | Fine particulate and gas removal in designated Cleanroom environments. | 8883-0921 |
| 7 | Economy Foam Filter (optional item) | Carbon-Impregnated Reticulated Foam Media. Designed for coarse particle capture. | Carbon-Impregnated Foam | Sanding Applications Benchtop Machining Operations Benchtop Prototyping Operations Grinding Applications | 8883-0871 |

Table 2: Replacement Filters

***** NOTE - The Arm-Evac 250/200 Pre-Filter and Combo HEPA/Gas Filter (items 3 and 4 in the table below) must be used together. NEVER use them separately!
