

DB DIS-BOARD

DB Dis-Board System.

The Absolute, Original, Moulded Socket Strip.

From its humble origins as the first moulded multi socket unit, the Dis-Board Systems have been developed to meet the needs of very diverse industries and applications. In particular the development of information technology has lead to a proliferation of workstations in all works of life. Portable Dis-Board are the ideal choice for tough environments such as workshops, factories and industrial plant, whilst other fixed variants are specified by major financial services companies and retail chains.

**System Benefits:**

- Utilises UK standard 86mm plate technology allowing the widest range of power and data accessories to be mounted, off-standards and international variants such as Schuko.
- Portable, trailing, workstation and 19" variants.
- Available with power lead and plug or just entry gland for on-site wiring.
- Impact resistant accessory plates and GRP base for strength and durability.

In addition to the standard ranges shown below, the concept has been adopted as a platform for custom made specials. For further details please contact [Aphel Sales Support](#).

DB DIS-BOARD General Purpose Units

4 and 6 way white units offering unswitched or switched socket with optional filtering and circuit protection.

Portable with 2m Lead and Plug

Sockets (n)	Unit Type	Ref.
4 way UK	Unswitched	DB4-001-0
4 way UK	Switched	DB4-011-0
6 way UK	Unswitched	DB6-001-0
6 way UK	Switched	DB6-011-0

Portable with Filter, 2m Lead and Plug

Sockets (n)	Unit Type	Ref.
4 way UK	Unswitched	DB4-001-1
4 way UK	Switched	DB4-011-1
6 way UK	Unswitched	DB6-001-1
6 way UK	Switched	DB6-011-1
Portable with 2m Lead and Plug, and Onboard RCD		
Sockets (n)	Unit Type	Ref.
4 way UK	Unswitched	DB4-001-2
4 way UK	Switched	DB4-011-2
Portable with 2m Lead and RCD Plug		
Sockets (n)	Unit Type	Ref.
4 way UK	Unswitched	DB4-001-3
4 way UK	Switched	DB4-011-3
6 way UK	Unswitched	DB6-001-3
6 way UK	Switched	DB6-011-3
Fixed 20mm Conduit Entry		
4 way UK	Unswitched	DB4-009-0
4 way UK	Switched	DB4-019-0
6 way UK	Unswitched	DB6-009-0
6 way UK	Switched	DB6-019-0
Fixed 20mm Cable Gland Entry		
4 way UK	Unswitched	DB4-000-0
4 way UK	Switched	DB4-010-0
6 way UK	Unswitched	DB6-000-0
6 way UK	Switched	DB6-010-0

DB DISBOARD 19" Rack Units

2 U high units for mounting into 19" racking cabinets to BS5854 Available in all normal socket options as well as IEC 320 variants

19" Horizontal with 2m Lead and Plug		
Sockets (n)	Unit Type	Ref.
5 way UK	Unswitched	DB5-001-0
5 way UK	Switched	DB5-011-0
5 way UK	Switched neon	DB5-081-0
19" Horizontal with Filter, 2m Lead and Plug		
Sockets (n)	Unit Type	Ref.
5 way UK	Unswitched	DB5-001-1
5 way UK	Switched	DB5-011-1
19" Horizontal IEC320 2m Lead and Plug		
Sockets (n)	Unit Type	Ref.

6 way C13		DB5-091-0
8 way C13		DB5-101-0
10 way C13		DB5-121-0
20 way C13		DB5-021-0
19" Horizontal IEC320 with 6.3A Fuse, 2m Lead and Plug		
Sockets (n)	Unit Type	Ref.
6 way C13	Single 6.3A fuse	DB5-131-0
8 way C13	Single 6.3A fuse	DB5-141-0
10 way C13	Single 6.3A fuse	DB5-031-0
19" Horizontal IEC320 with Ind. 6.3A Fuses, 2m Lead and Plug		
Sockets (n)	Unit Type	Ref.
6 way C13	Individual 6.3A fuse	DB5-151-0
8 way C13	Individual 6.3A fuses	DB5-071-0
10 way C13	Individual 6.3A fuses	DB5-041-0
19" Horizontal IEC320 with Filter, 2m Lead and Plug		
Sockets (n)	Unit Type	Ref.
6 way C13		DB5-091-1
8 way C13		DB5-101-1
10 way C13		DB5-161-1
19" Horizontal IEC320 with Filter, 6.3A Fuse, 2m Lead and Plug		
Sockets (n)	Unit Type	Ref.
6 way C13	Single 6.3A fuse	DB5-131-1
8 way C13	Single 6.3A fuse	DB5-141-1
10 way C13	Single 6.3A fuse	DB5-171-1
19" Horizontal IEC320 with Filter, Ind. 6.3A Fuses, 2m Lead and Plug		
Sockets (n)	Unit Type	Ref.
6 way C13	Single 6.3A fuse	DB5-151-1
8 way C13	Single 6.3A fuse	DB5-071-1
