## Description

- Versatile design allows multiple output variations
- Forward topology, 300 kHz switching frequency
- Input range from 29.5-60V
- 1500 Vac isolation between primary and secondary
- Power 26watts
- Low leakage inductance

## Applications

- For IEEE 802.3af-compliant Power over Ethernet applications
- UPS, VoiP Phone, Wireless LAN Access point, Bluetooth Access point, Network Camera, Building Access Systems
- Retail Point-of-information systems
- Vending/Gaming Machines

Environmental Data

- Storage temperature range: $-40^{\circ} \mathrm{C}$ to $+125^{\circ} \mathrm{C}$
- Operating ambient temperature range: $-40^{\circ} \mathrm{C}$ to $+85^{\circ} \mathrm{C}$ (range is application specific)
- Solder reflow temperature: $+260^{\circ} \mathrm{C}$ max. for 10 seconds maximum

|  | This bulletin is intended to present product design solutions and technical information that will help the end user with design applications. Cooper Electronic Technologies reserves the right, without notice, to change design or construction of any products and to discontinue or limit distribution of any products. Cooper Electronic Technologies also reserves the right to change or update, without notice, any technical information contained in this bulletin. Once a product has been selected, it should be tested by the user in all possible applications. |
|  | Life Support Policy: Cooper Electronic Technologies does not authorize the use of any of its products for use in life support devices or systems without the express written approval of an officer of the Company. Life support systems are devices which support or sustain life, and whose failure to perform, when properly used in accordance with instructions for use provided in the labeling, can be reasonably expected to result in significant injury to the user. |

[^0]:    1) Tolerances $\mathrm{A}-\mathrm{H}$ are $\pm 0.25 \mathrm{~mm}$ unless specified otherwise.
    2) Tolerances I-O are $\pm 0.10 \mathrm{~mm}$ unless specified otherwise
    3) All soldering surfaces are coplaner to within $\pm 0.102 \mathrm{~mm}$.
