

Half and Full Facepiece Respirators 6000 Series, Reusable

Issue Date 01/01/04

Unmatched performance and comfort.

3M™ Half and Full Facepiece Respirators 6000 Series, Reusable offer the user comfort and convenience coupled with the cost savings of a reusable respirator.

Features/Benefits

- Used with 3M™ Filters and Cartridges, these respirators are among the lightest available
- The swept back design of the cartridges improves balance and visibility
- Remarkably comfortable, soft, lightweight facepiece and easy-to-adjust head straps
- Reusable—just dispose of the cartridges/filters when used to capacity
- The half facepiece design is available with a standard and drop down head harness
- Can be disassembled, cleaned and reused
- NIOSH approved for negative pressure air purifying and positive pressure dual airline applications
- Supplied with reclosable storage bag
- The half and full facepieces are each available in 3 sizes (small, medium, large) to comfortably fit many faces

The 3M™ Half and Full Facepiece Respirators 6000 Series, Reusable with replaceable cartridges/filters

The 6000 Series respirators can be used in dual airline mode:

- Available with both back-mounted and front-mounted breathing tubes
- Systems can be used in combination with NIOSH approved 3M™ 2000 Series Filters or 6000 Series Cartridges and P100 Filter/Cartridges
- Cartridge/filter connections provide negative and positive pressure capability in one respirator assembly
- Can be used on both high and low pressure systems*
- Wearer can disconnect the airline at the air regulating valve and the system is changed to a filters/cartridges air purifying mode—then back to supplied air system with a simple reconnection of the airline

- Small diameter breathing tubes are simple to work with and easy to clean and decontaminate

⚠ WARNING

These respirators help reduce exposure to certain airborne contaminants. Misuse may result in sickness or death. Before use, the wearer must read and understand *User Instructions* provided as a part of product packaging. Time use limitations may apply. For proper use, see supervisor, packaging or call 3M OH&ESD Technical Service, call 1-800-243-4630. In Canada, call 1-800-267-4414 or 1-800-265-1840, ext. 6137.

* Employer must provide a minimum of Grade D breathing air in accordance with OSHA requirements.
