CARTRIDGES AND FILTERS EN 141 / EN 143 / EN 371

CLASS 1 CARTRIDGES EN 141 / 143

The class 1 Cartridges are designed to be used across the range of Class 1 respirators. A wide range of plastic bodied cartridges

with a unique internal thread connection is available. Unique fit check covers are available to carry out negative pressure fit checks when using gas filters.

EN 148-1 CLASS 2 FILTERS EN141 / EN 143 / EN 371

The North Class 2 aluminium filter connection is designed to EN 148-1, 40 mm DIN-thread, allowing utilisation with any of the

class 2 respirators and the powered respirator Compact Air. The aluminium lightweight filters consist of all common filter types. The wide inlet aperture complete with deflectors allows the contaminant to distribute freely and easily over the full surface area of the filter medium. It also offers an extremely low breathing resistance; a crucial factor for user comfort and acceptance.

TYPE OF FILTER

Type of filter	Class 1	Packaging	Class 2 EN 148-1	Packaging	Colour code
Gas filters	A1	Pack of 6 pcs.	A2*	Pack of 4 pcs.	Brown
			B2*	Pack of 4 pcs.	Grey
			E2	Pack of 4 pcs.	Yellow
	K1	Pack of 6 pcs.	K2*	Pack of 4 pcs.	Green
			AB2*	Pack of 4 pcs.	Brown/Grey
			AX	Pack of 4 pcs.	Brown
Particle filters	ABE1	Pack of 6 pcs.	ABEK2	Pack of 4 pcs.	Brown/Grey/Yellow
	ABEK1	Pack of 2 pcs.	P3*	Pack of 4 pcs.	White
Combination filters	P3	Pack of 4 pcs.	A2P3*	Pack of 4 pcs.	Brown/White

				Pack of 24 pcs.	Brown/grey/yellow/green/red/white
Pre-filter		Pack of 10 pcs.			
Pre-filter holder		Pack of 24 pcs.			

* Filters approved with COMPACT AIR powered respirator

CHOOSING THE RIGHT TYPE

A filter	protects against organic gases and vapours with a boiling point above 65°C
AX filter	protects against organic gases and vapours with a boiling point below 65°C and should be used 1 time only
B filter	protects against inorganic gases and vapours (excluding carbon dioxide)
E filter	protects against sulphur dioxide and other acid gases
K filter	protects against ammonia and organic ammonia derivatives
Hg filter	protects against mercury vapours
