

## IMPORTANT INFORMATION ABOUT PRODUCT MARKING CHANGES

Dear Valued Customer:

Johanson Manufacturing Corporation would like to call your attention to the fact that all of the newly launched RoHS products will not have stamped, inked or color coded identification markings.

In addition, effective July 1, 2006, the Air, Non-Magnetic, High Voltage and 1500 Series Capacitors will no longer have steel stamped markings on the stator, or ink stamped markings on the housing.

These are external marking changes only and have no effect on the form, fit or function of the products.

### Air Capacitors

5200 Series	5700 Series
5300 Series	5750 Series
5400 Series	5800 Series
5451 Series	5850 Series
5500 Series	8050 Series
