

FN Series Crystal Clock Oscillator (XO) Legacy S1615 Series 7.0x5.0mm

# **5V CMOS Low Jitter XO**

## **Packaging Outline**

### **Pin Functions**

| Pin | Function           |  |  |  |
|-----|--------------------|--|--|--|
| 1   | <b>OE</b> Function |  |  |  |
| 2   | Ground             |  |  |  |
| 3   | Clock Output       |  |  |  |
| 4   | V <sub>DD</sub>    |  |  |  |

### **New Part Number Example**

| FN | 750 | 0001 | A = Product Family     |
|----|-----|------|------------------------|
|    |     |      | B = Frequency Code     |
| Ø  | B   | ©    | C = Specification Code |

Note: After July 1, 2007, a Saronix - eCera part number following the above format will be assigned upon confirmation of exact customer requirements.

Availibility varies by frequency.

SaRonix-eCera™ is a Pericom® Semiconductor Corporation company • 1-800-435-2336 • www.pericom.com/saronix

### Actual Size = $5 \times 7$ mm

### **Product Features**

- 5V CMOS/TTL compatible logic levels
- Pin-compatible with standard 5x7mm packages
- Designed for standard reflow and washing techniques
- Output Tri-state function
- Pb-free and RoHS/Green compliant

### **Product Description**

The FN Series is a 5V crystal clock oscillator that achieves superb jitter and stability over a broad range of operating conditions and frequencies. The output clock signal, generated internally with a non-PLL oscillator design, is compatible with CMOS/TTL logic levels. The device, available on tape and reel, is contained in a 5x7mm surface-mount ceramic package.

### **Applications**

The FN Series is an ideal reference clock for applications requiring low jitter or tight stability, including:

- Ethernet
- FibreChannel
- Serial Attached SCSI (SAS)
- Server & Storage platforms
- SONET/SDH linecards
- T1/E1, T3/E3 linecards
- DSLAM

1

• 802.11a/b/g WiFi

Notes:

1. As specified. Stability includes all combinations of operating temperature, load changes, rated input (supply) voltage changes, initial calibration tolerance (25°C), aging (1 year at 25°C average effective ambient temperature), shock and vibration.

For specifications other than those listed, please contact sales.

### **Output Enable / Disable Function**
