

Card Edge Connectors (Continued)

Expansion Connectors

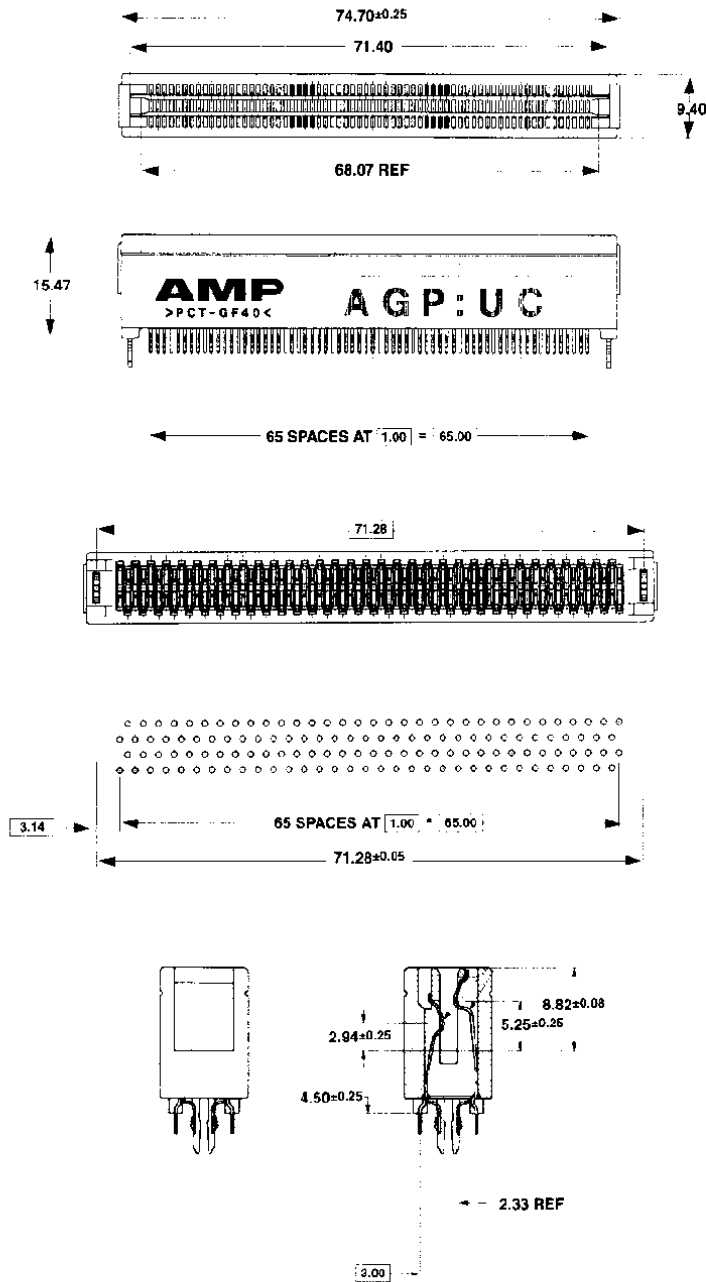

AGP (Accelerated Graphics Port) Universal Connectors

Material and Finish:

Housing – Thermoplastic, brown
Contacts – Phosphor bronze, plated gold over .000050 [0.00127] min. nickel in contact area; .000100 [0.00254] min. tin-lead over .000050 [0.00127] min. nickel in solder tail area
Hold Downs – Brass

Product Facts:

- Ideal for high-performance work stations
- Simplifies purchasing, inventory, and manufacturing for AGP
- Pivoting board-locks offer connector centering before solder tails enter the PCB
- Globally tooled

No of Pos.	Connector Type	Connector Style	Solder Tail Length	Voltage	Part Number
132	AGP-UC	Solder Tail	.085 [2.16]	1.5	145376-1
132	AGP-UC	Solder Tail	.100 [2.54]	1.5	145376-2
