CUSTOM SOCKETS & ADAPTORS

Customize your PGA sockets and optimize your costs

Samtec offers the ultimate in PGA socket and adaptor flexibility. If you don't find the pin out you need among our most popular patterns, fax it to us and we will check it against the thousands of standards we stock.

Even if we don't stock it, customs are a specialty at Samtec. Choose from the many insulator types, lead socket and terminal styles, platings and grid sizes to build your own socket or adaptor. Fill in the part number and indicate your pattern and we'll quote price and delivery.

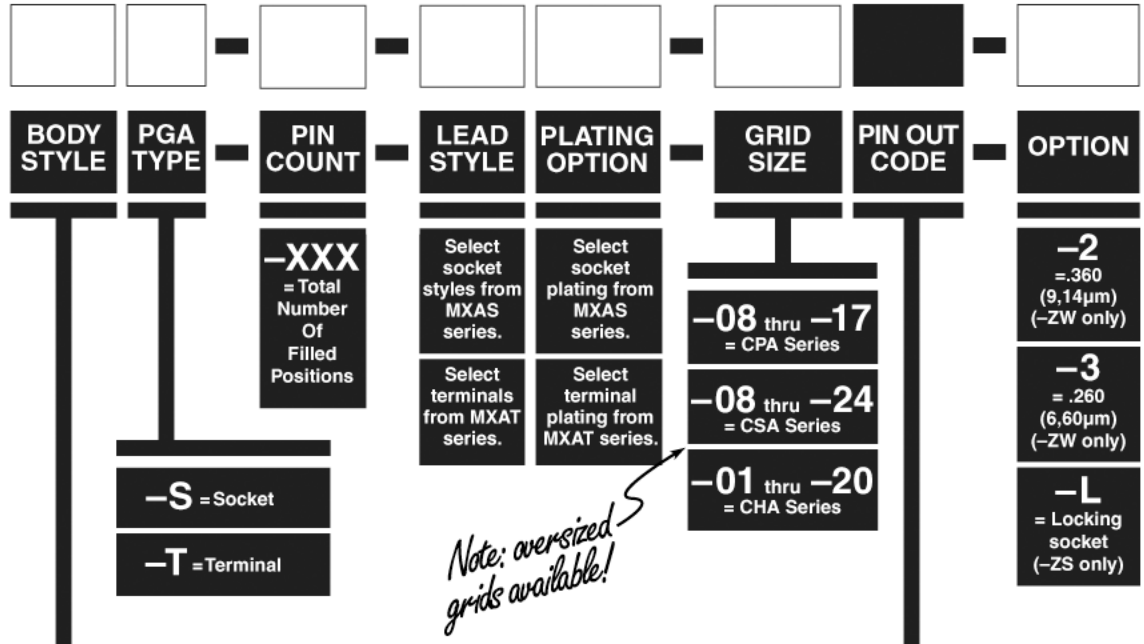

A choice of insulator types includes our standard Glass Filled Polyester, CPAX Series for solid body; a high temperature insulator, CSAX Series with Liquid Crystal Polymer insulator; and CHAX Series for low profile applications.

Specifications:
CPAX
 Same as MPAX

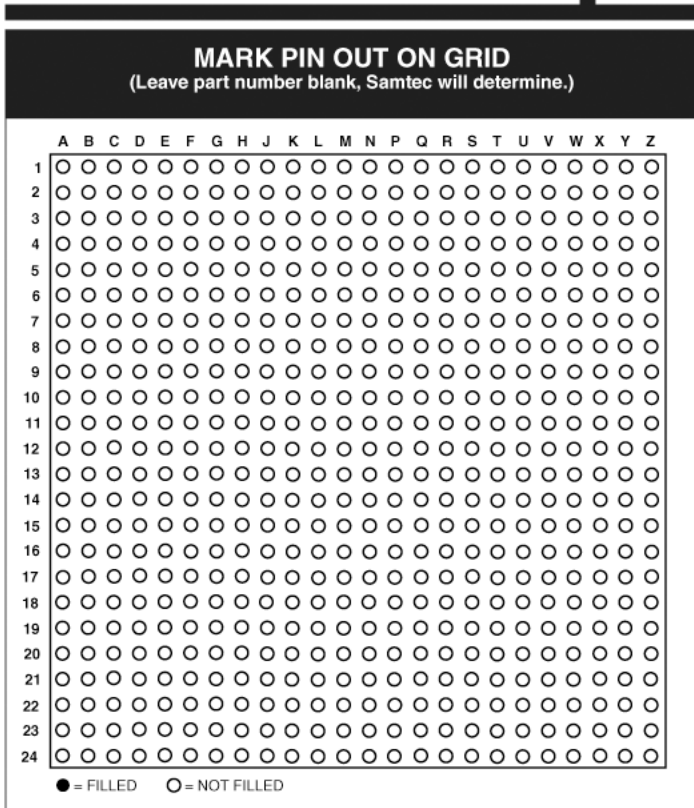

Specifications:
CSAX HI-TEMP
 Same as MSAX

Specifications:
CHAX
 Same as MHAX

Note:
 These Series are non-standard, non-returnable.

Note: oversized grids available!

Due to technical progress, all designs, specifications and components are subject to change without notice.
