

Industrial Circular Ethernet-Sealed RJ-45 Connectors

DESCRIPTION

Issued 04/05 1773404

- This new, rugged connector series meets the Ethernet/IP RJ45 requirements/standards. Designed for use in harsh environments, the connector features a quick-connect bayonet coupling mechanism per the ODVA interoperability interface specification.

APPLICATIONS

- Industrial machinery, Diagnostic equipment, Communications equipment, Printers, and any potential application where Ethernet is used where the connector requirement calls for a sealed, rugged connector interface

KEY FEATURES

- For Category 5e cables
- Sealing performance per IP 67
- Protective cover available for the receptacles
- Positive lock coupling ring provides reliable connections in harsh environments
- Available pass-through and field installable receptacle styles
- Bulkhead receptacle mounts to either outside or inside panel cutout

ELECTRICAL

- Meets TIA/EIA-568 Category 5e link requirements

MECHANICAL

- Positive lock coupling ring
- Polarized for proper mating between the connector halves

MATERIALS

- Housings, Coupling ring: ULU 94V-0
- Cable fitting, Modular plug, Tether: ULU 94V-2
- Gasket, Seal: ULU 94 HBF
- UV resistant housing material
- Operating range: -40°C to +85°C [-40°F to +185°F]

STANDARDS & SPECS

- Design Objective: 108-2198
