

Sales Information

FOAMBUDS - Foam Tipped Buds

Product Code: (FBU 100) 224-303

Packaging: 4 self-seal gripper bags of 25 buds per pack

DESCRIPTION

Thin, rigid 15cm plastic sticks tipped with a foam bud.

WHERE TO USE

Awkward corners and difficult-to-reach parts of computer hardware.

Keyboards of VDU's, Telex's and Typewriters.

Read/write heads and tape drives

HOW TO USE

Spray with SAFECLENE or ISOCLENE to clean read/write heads and tape drives. Use with FOAMCLENE to clean between keys on keyboards.

SELLING POINTS

1. Single ended stick curtails contamination of one end.
2. Stick length allows difficult-to-reach areas to be cleaned while maintaining effective working pressure.
3. Packed in self-seal gripper bags to prevent contamination.
4. Absorbent foam material ensures thorough cleaning of surface.
