COMMUNICATION TOOLS

2010 NEW PRODUCTS

Paladin Tools®

Paladin Tools®

Greenlee has redesigned some of our best selling Paladin Tools® products and made them better with increased functionality, higher performance, and updated styling. We've added new capabilities to our tools to employ industry trends, like terminating "snagless" RJ45 plugs to crimping "mini" style compression connectors. Our

DataComm Snips

redesigned tool handles provide increased comfort, reduce fatigue and improve the grip. And to further

address our customers' growing needs, we've

expanded our lines with several new products including cutters, strippers and crimpers for UTP, Coax, Telco and Electrical applications.

All designed to make your job faster, safer, and easier.
