MAXISTRIP-V16

The Maxistrip-V16 is a heavy-duty wire and cable stripper ideal for power installation electricians.

The Maxistrip-V16 is fully self-adjusting over its capacity range and features profile stripping blades, allowing for efficient stripping of wire and cable to a maximum 16mm². The user-friendly design of the Maxistrip-V16 offers variable gripping power and minimises operator fatigue. The Maxistrip-V16 also features a built-in cutter and adjustable length stop.

Replacement parts available: please see Catalogue for full details.
