

WD Caviar Blue WD3200AAKS - hard drive - 320 GB - SATA-300

WD Caviar Blue WD3200AAKS - hard drive - 320 GB - SATA-300

Description: This Western Digital Caviar Blue WD3200AAKS is a 320GB, standard hard disk drive. Compared to other standard hard drives on the market, it is very inexpensive at around \$55. Its burst transfer rate (which is how fast the drive moves data already in its cache into your computer) is 300 MBps. This is a 7200 rpm drive and comes with a 16MB buffer.

Pros: With a Serial ATA-300 controller interface, this drive sports one of the most advanced technologies for high-speed data transfer.

Cons: None noted, given available product data.

Suitability: Suitable for replacement or upgrade on many desktop PCs or workstations.

Value: In view of its very inexpensive price, this hard drive has great features for the money.
