Do more, with Apps.

Show your music how to move.

The MUSIC MOVER App lets you play MP3s from your music library on your home stereo—wirelessly. Connect your external hard drive where you store your music to the router—and move music from your computer to your stereo through devices like Xbox 360® and PlayStation® 3.

Mix it up.

Not sure what to listen to? Let the DAILY DJ App serve up daily personalized playlists from your music library. Analyzing the musical DNA of your music, the App lets you select one of three mood mixes: High-Energy, Steady Groove or Kick Back. Or create your own playlist by choosing a song and letting DAILY DJ offer a new take on your favorite music.

Keep track of your tracks.
