Service Kit

This extremely compact Service Kit offers considerable advantages to installation and service/repair departments engaged in applying coaxial connectors.

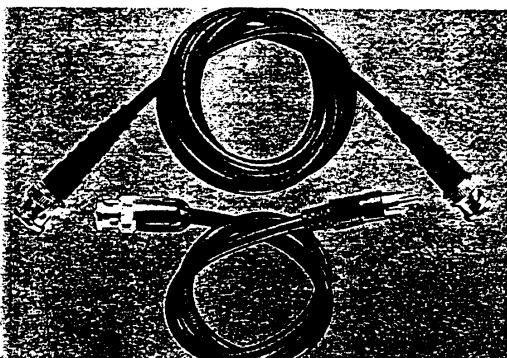

The four plastic containers are loaded with connector types to suit individual customer requirements.

Each Service Kit Contains:

- 1 VX 1207 Coaxial Stripper complete with cassette.
- 1 C 1207 Replacement Cassette.
- 4 "V" Blocks.
- 1 Hex. Allen Key.
- 1 Set of instructions for Stripping Tool.
- 4 Plastic Containers.

Assemblies

A custom cable assembly service is provided which offers prompt assistance.

Please contact our engineering team directly.
