

Specialty Separable Connectors

7M-250

Male Fuse-Clip Adapter, Non-Insulated

Data Sheet

Product Number	Male Tab Width (W') x Thickness	L	Radius R
7M-250	0.250 x 0.030	0.77	0.125

Specifications

Maximum Operating Temp.: 482°F (250°C)
Maximum Current: 30 Amps
Terminal Material: Brass
Terminal Plating: None

WARNING

Turn power off before installing or removing terminal. All electrical work should be done according to appropriate electrical codes.

Engineering Specification

Adapters shall, electrically and mechanically, connect to one or more crimp type, separable connectors in a separable, reusable manner. They may also have a tongue portion which is flat with a central opening for mounting around a stud, or curved for mounting alongside a fuse in its holder.

The Adapter line shall offer variations in separable connections, Male Quick-Slide (0.250" wide), Female Quick-Slide (0.250" wide), Male Snap Plug (0.156" dia.), Female Snap Receptacle (0.156" and 0.180" dia.), and variations in stud mountings, ring tongue (6, 8, 10 stud), and rectangular tongue (0.250 x 0.032").

The Male-Fuse Clip Adapter shall be 0.030" thick brass, having a 0.250" wide Male Quick-Slide Tab connected to an extending curve and suitable for fitting between the fuse metal end cap and the mounting clip.

The Separable Connection formed by the Adapter and the mating connector(s) may require a suitable strain relief to prevent accidental separation.
