AUDIO VIDEO DATA PANEL CONNECTORS

The EH Series by Switchcraf® is a complete line of audio, video, and data connectors built into standard panel mount XIR housings. Custom combinations of EH Series connectors can be quickly loaded into any of our Q GeS Series panels. Once mounted, connecting your equipment to the back of an EH Series connector is fast and the property of the proper

Q-G® Series panels come standard as 1RU (1x16), 1.5RU (1x16), or 2RU (2x16), 1RU and 1.5RU versions allow for any combination of up to 16 EH Series connectors to be loaded into the panel. The 2RU version can accommodate up to 32 EH Series connectors. Every QG® Series panel includes quick change designation strips for easy connector identification.

Switchcraft's EH Series is the fastest and most versatile way to create a custom panel or wall plate perfectly suited to meet the needs of any studo, broadcast facility, or systems integrator. Customize your studo, make it easy to access your I/O3, and increase the filespean of expensive pieces of equipment upon the property of the
