Intel® Desktop Board DG33FB

The table below lists the configurations applicable to the DG33FB board.

Features	BOX/BLKDG33FBC
Board Series	Classic Series
BIOS ID String	BX97520J.86A
AA# (Altered Assembly)	D81072 -xxx
Processor	Intel® Core™2 Quad processor, Intel® Core™2 Duo processor
Performance (04B/05B)/Mainstream (04A/05A) vreg support	95W FMB
FSB support	1333/1066/800 MHz
Processor Socket	LGA 775
Chipset	Intel® G33 Express Chipset
Integrated Graphics	Yes
Form Factor	ATX
Memory - Maximum Supported	8 GB
Memory Frequency (refer to configuration requirements) TPS for	Dual Channel DDR2 800/667 MHz
Audio	5.1 High Definition
S/PDIF	None
LAN Controller	Gigabit (10/100/1000 Mbps/sec) LAN subsystem using the Intel® 82566DC Gigabit Ethernet Controller
USB Connectors	12 USB 2.0 (6 -F, 6 -B)
PCI slots	3
PCI Express x16	1
PCI Express x1	3
SATA (ports)	4 (black)
PATA (ports)	1 Port, 2 Devices
IEEE -1394a Ports	2 (1 -F, 1 -B)
TPM	None
Intel® Matrix Storage Technology (RAID)	None
Hyper -Threading Technology Support	Yes
Instantly Available PC	Yes
Supports Intel® Viiv™ Technology	Yes
1 year limited warranty	No
3 year limited warranty ¹	Yes

¹ offered with Boxed Intel® Desktop Boards
