

Test Prods  
Alligator Clips

Test prod handles are offered in red (-102) or black (-103). Please add color as suffix to part number.

- Precision machined tips are nickel plated brass.
- Prods are made of tough, flame-retardant ABS which resists deformation and cracking under the most severe service.
- Finger-grip grooves and a generous guard washer prevent accidental contact with live conductors.
- Probe tip is removable for replacement purposes.

| PART NO. | MATERIAL | TIP                  | WIRE CONNECTION |
|----------|----------|----------------------|-----------------|
| 320      | ABS      | Threaded Replaceable | Solderless      |
| 327      |          |                      | Solder          |
