

3M™ Light Vision™ Protective Eyewear

A Bright Idea in Protective Eyewear

Don't be left in the dark. Light Vision eyewear has lights mounted on each temple to provide hands-free task lighting. The ultra-bright LED lights swivel for directional convenience. Couple that feature with a high impact protector lens and you have protective eyewear with some unique advantages.

Now safety has a bright side — Light Vision.

3M

See the Difference with 3M™ Light Vision™ Protective Eyewear

Light Vision is one of the first industrial protective eyewear designed with hands-free permanently attached lighting. All Light Vision models feature impact-resistant polycarbonate lenses with an anti-fog coating. Batteries can provide up to 50 hours of continuous use.

“The Original” Light Vision™

- Features soft rubber temples and nose pads for full-shift comfort
- Complies with the High-Impact Requirements of ANSI Z87.1-2003
- Includes lanyard and storage bag

Light Vision™2

- Features adjustable length temples and a soft nose bridge
- Bi-focal readers option—a good choice for workers who have difficulty reading small print or who are engaged in small detail work
- Complies with High-Impact Requirements of ANSI Z87.1-2003 and CSA Z94.3
- Includes lanyard and storage bag

Light Vision™ OTG

- Fits over most prescription glasses
- Features adjustable length temples and Secure-Grip™ temple tips
- Complies with High-Impact Requirements of ANSI Z87.1-2003
- Includes storage bag
