

INTRODUCTION

Wamco **BL06** is a flexible linear LED illumination system for interior decoration such as path and cove lighting. **BL06** is available in white and warm white. **BL06** provides many advantages including brilliant light output, significant energy savings and reduced maintenance costs.

FEATURES

- Flexible PCB with adhesive tape
- Each 100mm (5 LEDs) of PCB can be cut
- 8,000mm/8M maximum run length in series (total length on a reel)
- Long service time (up to 50,000 hours)
- Safety due to low voltage operation (**24VDC**)
- 3 year warranty
- Nichia LED applied

APPLICATIONS

- Indoor decorative lighting

CERTIFICATIONS

- CE, RoHS

SPECIFICATIONS

Product	Color	LED Qty	Input Vol.	Current	Power	Viewing angle	Lum.Flux
WL-BL06-A-W-8000	White (Typ.7500K)	400 pcs	24VDC	2A	48W	115°	1600lm
WL-BL06-A-L-8000	Warm White (Typ.3000K)	400 pcs	24VDC	2A	48W	115°	1600lm

- Size : 8,000mm(L) x 10mm(W) x 2.5mm(H)
- Total reel length : 8,000mm (8M)
- Storage Temp. : -30 °C ~ +80 °C, Operating Temp. : -20 °C ~ +70 °C
