

Model 10565

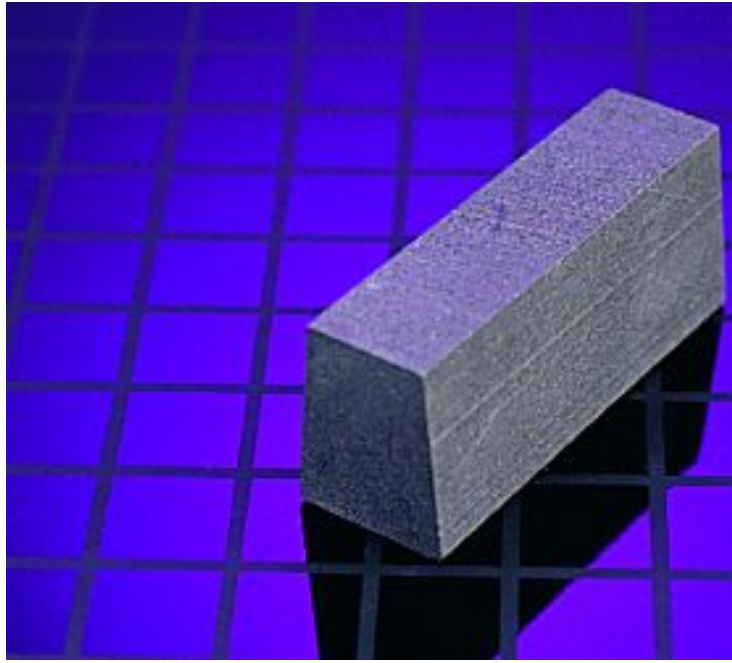

Specifications:

- 1 1/2" x 1/2" x 5/8" Concave Carbon Block, (38x13x16mm)
- Two Per Package

Weight: 0.2LBS (0.09KGS)

Used with the following tool:

- [10587](#) - Heavy-Duty High-Heat Carbon Pliers Handpiece
-

Model 10566

Specifications:

- 1 ½" x ½" x 5/8" Flat Carbon Block (38x13x16mm)
- Two Per Package

Weight: 0.2LBS (0.09KGS)

Used with the following tool:

- [10587](#) - Heavy-Duty High-Heat Carbon Pliers Handpiece
-

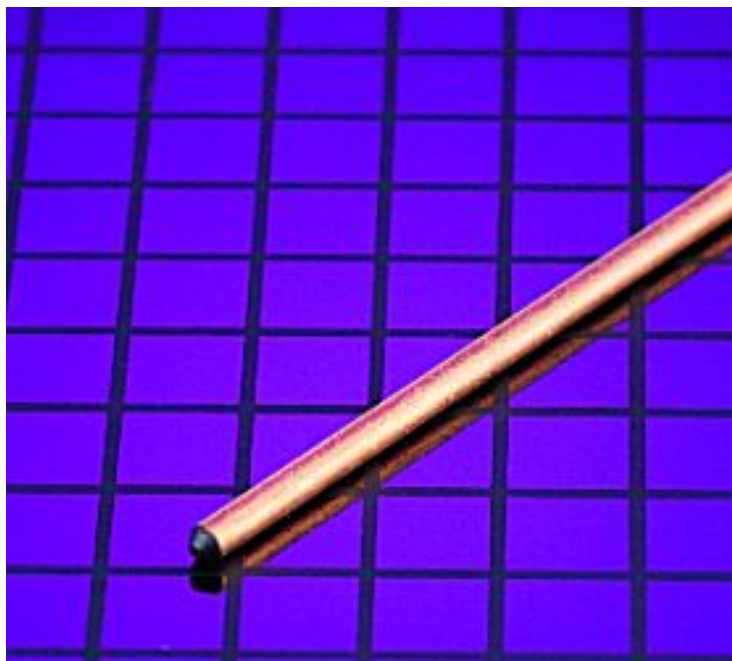

Model 10530

Specifications:

- 3" Carbon, 3/32" Dia.,(2.38x76.2mm)
- Six Per Package

Used with the following tool:

- [10515](#) - 3/32" Diameter Single Carbon Handpiece

Model 10524

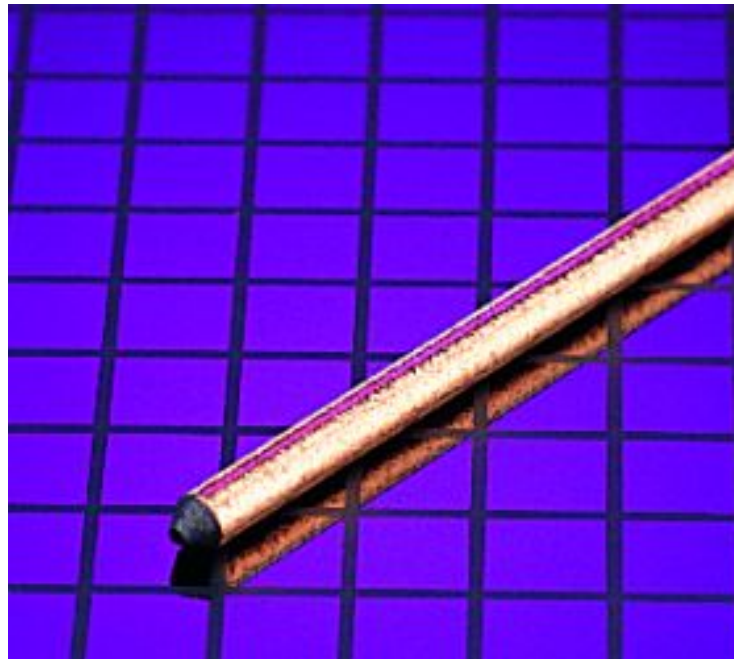

Specifications:

- 3" Carbon, 1/8" Dia.,(3.18x76.2mm)
- Six Per Package

Weight: 0.2LBS (0.09KGS)

Used with the following tools:

- [105127](#) - Medium Tweezer Handpiece
- [10572](#) - 1/8" Diameter Single Carbon Handpiece
- [10590](#) - Regular Dual-Electrode Soldering Handpiece

**Model 10525****Specifications:**

- 3" Carbon, 3/16" Dia.,(4.72x76.2mm)
- Six Per Package

Weight: 0.5LBS (0.225KGS)

Used with the following tool:

- [10573](#) - 3/16" Diameter Single Carbon Handpiece
-

Model 10526

Specifications:

- 3" Carbon, 1/4" Dia.(6.35x76.2mm)
- Six Per Package

Weight: 0.5LBS (0.225KGS)

Used with the following tool:

- [10511](#) - Standard 1/4" Diameter Single Carbon Handpiece
-

Model 10527

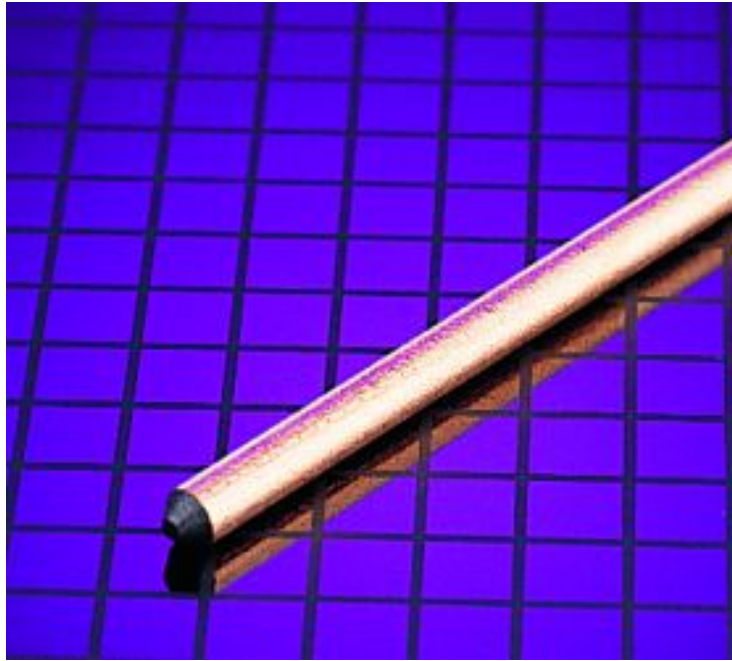

Specifications:

- 3" Carbon, 3/8" Dia.(9.53x76.2mm)
- Six Per Package

Weight: 0.5LBS (0.225KGS)

Used with the following tools:

- [10513A](#) - Panel Attachement for 1,100 Watt Power Unit
 - [10513B](#) - Panel Attachement for 1,800 Watt Power Unit
-

Model 10549

Specifications:

- 4" Carbon, 1/4" Dia.,(6.35x101.6mm)
- Six Per Package

Weight: 0.5LBS (0.225KGS)

Used with the following tool:

- [10511](#) - Standard 1/4" Diameter Single Carbon Handpiece
-

Model 10550

Specifications:

- 4" Carbon, 3/8" Dia.,(9.52 x 101.6mm)
- Six Per Package

Weight: 0.5LBS (0.225KGS)

Used with the following tools:

- [10513A](#) - Panel Attachement for 1,100 Watt Power Unit
 - [10513B](#) - Panel Attachement for 1,800 Watt Power Unit
-

Model 10534

Specifications:

- 3" Carbon, 1/2" Dia., (12.7x76.2mm)
- Six Per Package

Weight: 0.6LBS (0.27KGS)

Used with the following tools:

- [10536](#) - 1/2" Diameter Heavy-Duty Single Carbon Handpiece
 - [10588](#) - Heavy-Duty Carbon Fork-Type Handpiece
-

Model 105156

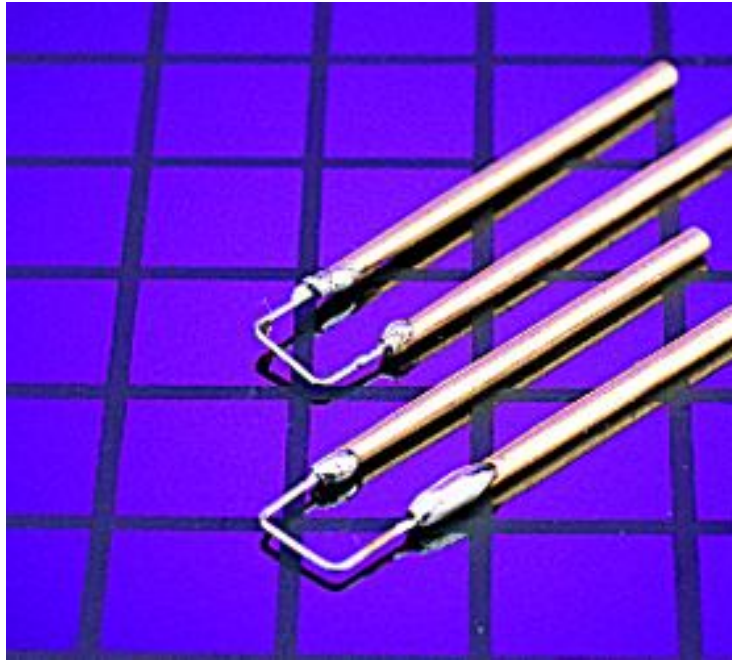

Specifications:

- 5/8" Nickel-Chrome w/.018" cross-section, (15.9mm x .46mm)
- Element at 90°angle.
- Two Per Package

Weight: 0.1LBS (0.045KGS)

Used with the following tool:

- [105131](#) - Micro Wirestripping Handpiece
-

Model 105132

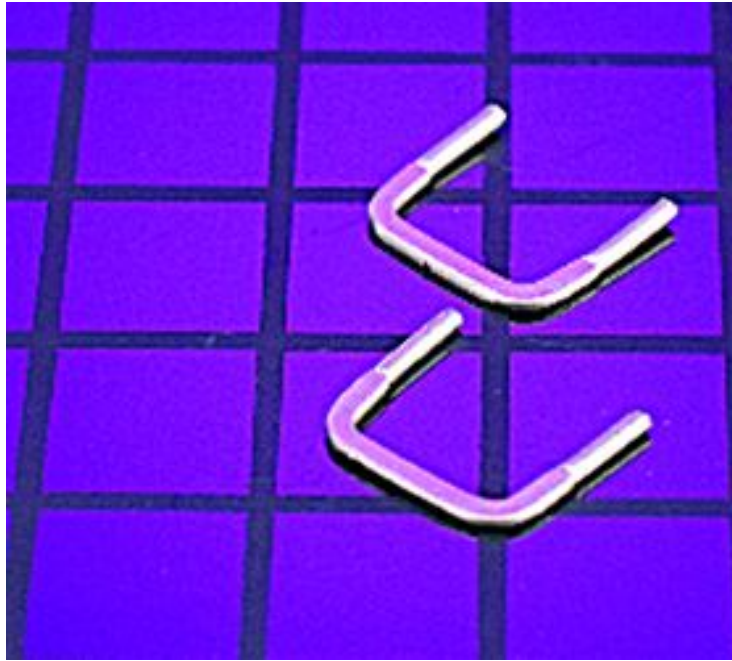

Specifications:

- 1 1/8" Nickel-Chrome w/.018" cross-section, (33.5mm x .46mm)
- Element at 45°angle.
- Two Per Package

Weight: 0.1LBS (0.045KGS)

Used with the following tool:

- [105131](#) - Micro Wirestripping Handpiece
-

Model 10520

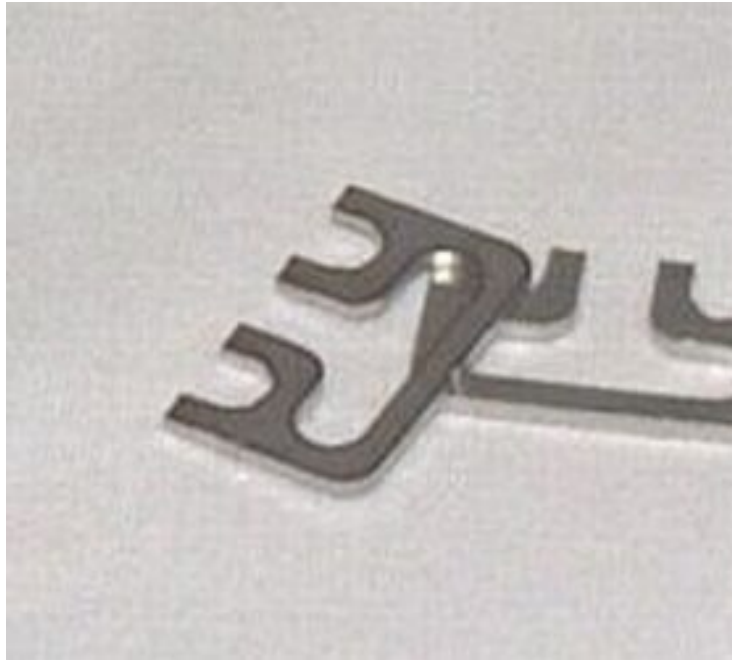

Specifications:

- Flat-Blade Nickel-Chrome Element,
- Two Per Package, both w/Center Notch

Weight: 0.1LBS (0.045KGS)

Used with the following tool:

- [10517](#) - Regular Wirestripping Handpiece
-

Model 10521

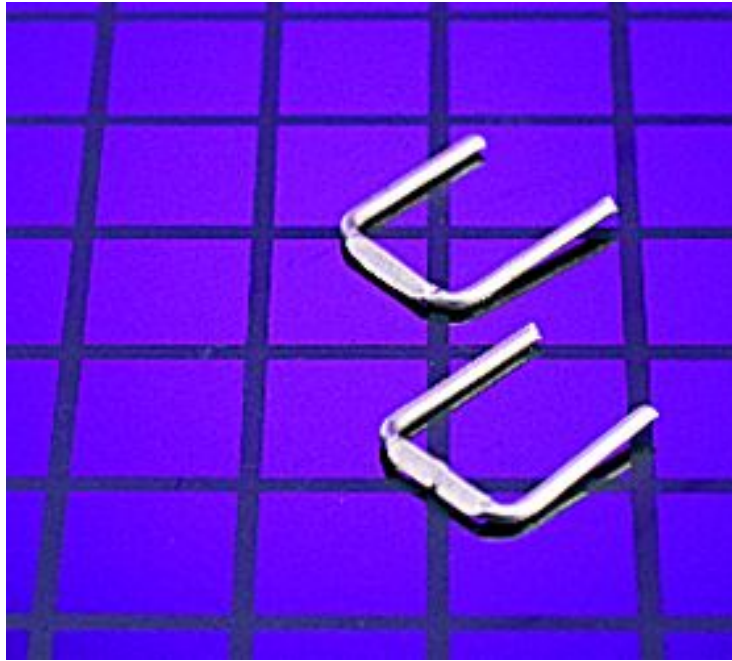

Specifications:

- Stainless Steel
- Two per package
- Standard - One Notched, One Plain
- For both elements plain, order **Model 10521P**
- For both elements notched, order **Model 10521N**

Weight: 0.1LBS (0.045KGS)

Used with the following tool:

- [10517](#) - Regular Wirestripping Handpiece
-

Model 10529

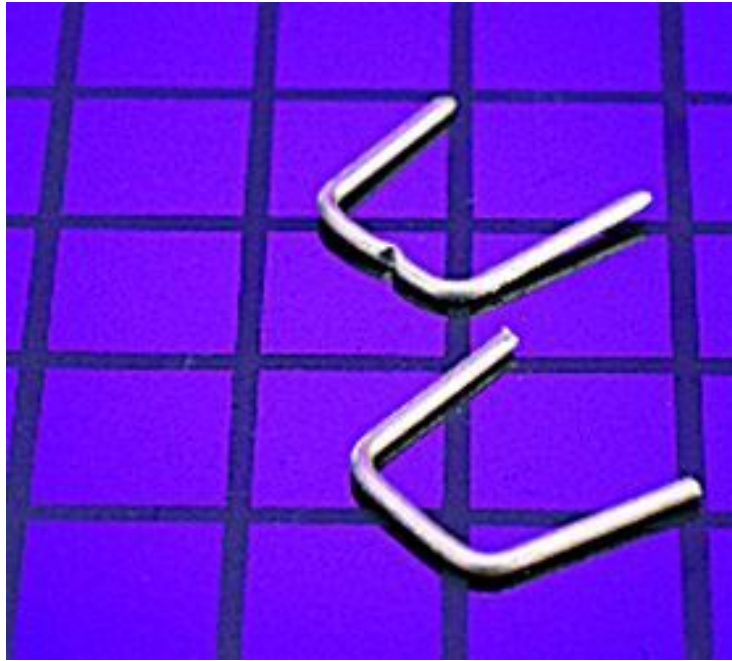

Specifications:

- Flat-Blade Nickel-Chrome Element,
- Two Per Package, one w/Center Notch

Weight: 0.1LBS (0.045KGS)

Used with the following tool:

- [10517](#) - Regular Wirestripping Handpiece
-

Model 10545

Specifications:

- Round Blade Nickel- Chrome Element
- Two Per Package, one w/ Center Notch

Weight: 0.1LBS (0.045KGS)

Used with the following tool:

- [10517](#) - Regular Wirestripping Handpiece
-

Model 10596

Specifications:

- Large, Single-Loop V-Notch Nickel-Chrome Element
- One Per Package

Weight: 0.1LBS (0.045KGS)

Used with the following tool:

- [10597](#) - Large V-Notch Wirestripping Handpiece
