 Notice 

Mechanical Outline Drawing

Recommended Cu Heat Spreader Drain Pad

Recommended Heat Sink Solder Mask Opening

Note: The thickness of the drain pad is variable depending on the amount of heat generated by the SMT device, design, limitations and process. This is the exposed printed circuit.

Thermal Curves

Thermal Resistance	18.00
---------------------------	-------

Thermal resistance value is based on a 75°C rise in natural convection

Product Information

Packaged in tape and reel for automated assembly

[Look up tape and reel dimensions](#)

Part #	Description	Finish	Board Mounting
573300D00010G	Surface mount heat sink for D2 Pak (TO-263) package semiconductors	Matte Tin Plated	N/A

This non-electronic component is functionally unaffected by the normal soldering or reflow processes used for semiconductor circuits. The heat resistance time or heat resistance temperature is not applicable for the component.

NEW RoHS Compliant SURFACE MOUNT HEAT SINKS

The Aavid Thermalloy line of low profile surface mount heat sinks are suitable for SMT power semiconductor devices in D-PAK, D²PAK, D³PAK and SO-10 packages. Their unique design removes heat indirectly through conduction without making contact with the SMT device like traditional through hole solutions. The semiconductor's conventional copper drain pad is modified to extend beyond the edges of the semiconductor package providing space to mount the heat sink. The device and heat sink are soldered directly to the modified drain pad creating a thermal transfer path from the package tab to the surface mount heat sink. In addition, the elevated "Wings" of the heat sink provide ample surface area to dissipate the heat into the surrounding environment.

FEATURES AND BENEFITS:

- *RoHS compliant 100% matte tin plating with nickel underplate*
- *No attachment holes required in the printed circuit board*
- *Wing configuration will not interfere with adjacent components*
- *Available in tape and reel packaging for use with automated SMT pick and place equipment*
- *Compatible with both tin-lead and lead free (Sn/Ag/Cu) solders*

APPLICATIONS:

- *Power Supplies*
- *Telecommunication Equipment*
- *Motor Controls*
- *Medical Equipment*
- *Industrial Process Control Equipment*
- *Consumer Products*

ORDERING INFORMATION:

Part Number	Description	Packaging
573300D00000G	Surface mount heat sink for TO-263	Bulk 500 per bag
573300D00010G	Surface mount heat sink for TO-263	13" Reel 250/per reel
573400D00000G	Surface mount heat sink for TO-268	Bulk 500 per bag
573400D00010G	Surface mount heat sink for TO-268	13" Reel 250/per reel
573100D00000G	Surface mount heat sink for TO-252	Bulk 500 per bag
573100D00010G	Surface mount heat sink for TO-252	13" Reel 250/per reel
7106DG	Surface mount heat sink for TO-263	Bulk 500 per bag
7106D/TRG	Surface mount heat sink for SO-10 / Power SO-10 / TO-263	13" Reel 200/per reel
7109DG	Surface mount heat sink for SO-10 / Power SO-10 / TO-263	Bulk 500 per bag
7109D/TRG	Surface mount heat sink for TO-263	13" Reel 125/per reel

Surface Mount Heat Sinks

for D-PAK and D³PAK Packages

Part Number 573400

Heat Sink for D³PAK (TO-268)

Refer to Figures A and B on back page for device footprint information

Part Number 573100

Heat Sink for D-PAK (TO-252)

Refer to Figures A and B on back page for device footprint information
