

TechSwabs™

2302, 2303, 2306, 2307

Introduction

TechSwabs™ are precisely designed, manufactured and packaged to serve various cleaning and maintenance needs. TechSwabs™ are manufactured in accordance with our rigid specifications, using specialized materials to ensure low particle generation and solvent compatibility.

Swab tips are manufactured with a variety of quality materials to suit different tasks. Most are heat sealed onto handles to avoid contaminating residues of adhesives. Handles are fashioned from a selection of natural and man-made materials chosen for their flexibility and durability.

Chemical Components

This product does not contain any hazardous ingredients as per OSHA 29 CFR 1910.1200 Subpt.(z).

Environmental Policy

Techspray® is committed to developing products to ensure a safer and cleaner environment. We will continue to meet and sustain the regulations of all federal, state and local government agencies.
