

Fine Braid Super Wick

400 Series

Product Description

Any place you can put solder in, you can take it out with SUPER WICK. Remove the most expensive circuitry with confidence. SUPER WICK is pure copper, specially wound in static free bobbins.

- RMA type flux
- Static Free Bobbins
- Meets MIL-F-14256F (ansi/j-std-0004)
- RoHS Compliant

Application tips

Just lay the SUPER WICK on the soldered joint, apply tip of soldering iron to top side till solder melts, and lift iron and SUPER WICK together to leave a clean connection ready for component removal or replacement.
