

VARITEMP® HEAT GUN & KIT

MASTER
APPLIANCE

Quick Jump:

Professional, heavy-duty, industrial quality, variable temperature, multiple use heat gun & heat gun kit

- Lockable variable temperature control allows you to dial-in any temperature from ambient to 1000°F/540°C, and lock it in
- 1740 watts of power @ 23 CFM air flow, accommodates many industrial and commercial heating applications and gets the job done fast
- Powerful high speed universal motor
- Sturdy die cast housing
- Kit includes Heat Gun, A-160-HG Shrink Attachment, 51543 Spreader Attachment & 51544 Reducer Attachment & 51013 Storage Case
- Adjustable non-slip stand
- Use to activate adhesives, defrost frozen coils, heat sensitive material, melt solder, soften plastics and more
- Optional Momentary Contact Safety Switch turns heat gun off when operator is not pressing it. Available on all Master HG and VT Models, to order ask for the "MC" option or simply add the "MC" suffix to the heat gun model number. Example: HG-501A-MC
