

LABELS THAT STICK & STAY STUCK

RHINO labels are as dependable as the RHINO 5000. Easy to use and super-strong, they're designed for the long haul. Thanks to industrial-strength adhesives, they deliver the lasting durability and legibility you demand – in five materials, for a multitude of applications. To meet your high standards, RHINO labels are designed to work exclusively with our printers and perform on any surface you encounter.

- Easy-to-peel, split-back styles will speed you along.
- Industrial-strength adhesives help these labels stick and stay stuck – even in harsh environments.
- Thermal transfer print technology produces labels that are durable, smear-proof and resistant to chemicals, solvents, heat, UV and more.

AVAILABLE KITS

RHINO 5000 Industrial Labeling Tool
Part No. 15517 UPC: 0 71701 15517 7

Includes:
RHINO 5000
Impact-resistant rubber bumper
One black-on-white 3/4" flexible nylon label cassette
Quick Start Guide
Instruction Manual
Limited One-Year Warranty

Printer Weight: 1.6 lbs. (725 grams)
Printer Dimensions: 8.75"H x 4.75"W x 3"D
(222mm x 121mm x 76mm)

Master Carton: 3 Units
Weight: 4.8 lbs. (2177 grams)
Dimensions: 13.4"L x 12"W x 9.8"H
346mm x 305mm x 250mm (LxWxH)

RHINO 5000 Installer Kit
Part No. 17379 UPC: 0 71701 17379 9

Includes:
RHINO 5000
Impact-resistant rubber bumper
One black-on-white 3/4" flexible nylon label cassette
One black-on-white 1/2" permanent polyester label cassette
One black-on-white 1/2" metallized polyester label cassette
AC power adapter
6 "AA" batteries
Quick Start Guide
Instruction Manual
Limited One-Year Warranty

Printer Weight: 1.6 lbs. (725 grams)
Printer Dimensions: 8.75"H x 4.75"W x 3"D
(222mm x 121mm x 76mm)

Master Carton: 3 Units
Weight: 5.9 lbs. (2630 grams)
Dimensions: 12.3"L x 8.3"W x 11.6"H
312mm x 209mm x 293mm (LxWxH)

RHINO 5000 Hard Case Kit
Part No. 15603 UPC: 0 71701 15603 7

Includes:
RHINO 5000
Impact-resistant rubber bumper
Durable, hard carry case

RHINO 5000

PROFESSIONAL LABELING TOOL

Datacom
Electrical
MRO
Construction
Broadcasting

RHINO 5000 is the tough, affordable labeling tool that outperforms even higher priced labeling solutions in real-world, jobsite conditions. Built for speed and durability, its exclusive one-touch hot keys give you commonly used label formats – like wire wraps and patch panels – at your fingertips.

Want to build your professional reputation? Labeling with the RHINO 5000 gives you your installations a neat, finished look. Plus, easy-to-load, easy-to-peel RHINO label cartridges feature industrial-strength adhesives so your labels will stick and stay stuck.

5000 Features:

- The Wrap "Hot Key" enables you to select the wire/cable size so RHINO 5000 can auto-size the text and label length to fit that wire.

- The Patch Panel "Hot Key" creates perfectly-sized labels for racks, faceplates, storage bins and more – saving you valuable time.

- The Fixed "Hot Key" creates perfectly-sized labels for racks, faceplates, storage bins and more – saving you valuable time.

RHINO™ 5000

PROFESSIONAL LABELING TOOL

Put the power of RHINO 5000 in your hands. In just seconds, create long-lasting labels for wire wrapping, patch panels, terminal blocks and more. Crisp, clear thermal-transfer printing resists smears, chemicals, solvents, UV, heat – whatever your worksite can hand out. And, you'll have an easy handle on things with the RHINO 5000's lightweight portability, bright backlit display and impact-resistant protective rubber bumper. Tired of fumbling with difficult-to-remove label backing? Our easy-to-peel labels feature a split-back design for "get-it-done-now" efficiency.

Patch Panel
Saves keystrokes while automatically centering and spacing text to fit each port. Serializes text to eliminate repetitive typing: great for datacom, RF, even fiber patch panels.

Impact-Resistant Rubber Bumper
Protects your RHINO 5000 from accidental falls or harsh jobsite conditions.

Wrap
Automatically selects the right label size – and the largest text size – for maximum legibility on any cable or wire. Differentiates between 6 and 9, I and 1, 0 and O. Repeats text for 360° identification.

Fixed
Automatically centers and prints a specified label length – ideal for racks, outlets, bins, warehouse applications and more.

Battery Life Indicator
Combined with "automatic shutoff" technology, you won't run short of power on the job.

Backlit Display
Essential for labeling in low-light environments.

Bar Code
Prints Bar Code 39 and Code 128 on 3/4" (19mm) labels.

Terminal Block
The Terminal Block Key lets users create perfectly spaced, auto-serialized labels for vertically aligned Terminal Blocks – ideal for all electrical jobs.

"Symbols" Library
When words won't do, we've provided a wide range of the symbols for graphic, professional labeling in all types of applications: ⚠ ⚡ ⚙ ⚡ ⚠

DURABLE

HOW TO PRINT...

- WRAP**
- 1 Enter text, (eg. 123)
 - 2 Press WRAP
 - 3 Select the size of cable or wire using the navigation key (eg. CAT X/Coax). Press ENTER
 - 4 Press PRINT

- PATCH PANEL**
- 1 Enter text (eg. A01)
 - 2 Press PPANEL
 - 3 Select the distance between ports using the navigation key (eg. Δ = 00.750") Press ENTER
 - 4 Press SERIAL
 - 5 Enter the number of ports desired (eg. 6) Press ENTER
