

Disconnects & Male Tabs

Disconnects

- Internal barrel serrations and long barrel provide for maximum tensile strength
 - Complete line of installing tools, engineered to match tool with terminal
 - Funnel entry insulators enable easier inserting of wire into barrel
 - Color-coded for easy installation
- 250 Series — Female Disconnects**
- Supplied in a variety of styles to meet virtually all quick-disconnect requirements
 - Female disconnect terminals and matching male tabs accommodate a range of 22–10 AWG, and are available in non-insulated, partially insulated, and fully insulated styles, in both nylon and vinyl
 - Available in various tab widths including .250", .187" and .110" and a combination size
 - Unique construction of the female disconnect offers long-term dependability
 - Brazed seam serrated barrel provides maximum tensile strength

187 Series — Female Disconnects

- Quick, reliable method of connection to terminal blocks and boards without the use of tools
- Supplied in a variety of styles to meet virtually all quick-disconnect requirements
- Female disconnect terminals and matching male tabs accommodate a range of 22–10 AWG, and are available in non-insulated, partially insulated, and fully insulated styles, in both nylon and vinyl
- Available in various tab widths including .250", .187", and .110", and a combination size
- Unique construction of the female disconnect offers long-term dependability

250 Series — Female Disconnects
